

His Cigar Doesn't Taste Right

And Yet It Is the Same He Was Smoking With So Much Relish After Dinner, Last Night, Out of the Very Same Box, Too.

Every smoker has experienced this peculiar condition of the stomach and liver, the result usually of imperfect digestion of food. And the blame is usually not put where it belongs.

Such men are usually high livers, hard workers mentally, living under high pressure and high draught, and it doesn't take a great deal to disorder the stomach or render the liver torpid.

They should make it a practice to use the tried and reliable Stuart's Dyspepsia Tablets, that will aid Nature and take care of the sudden attacks of indigestion. Stuart's Dyspepsia Tablets digest food where the stomach can't.

Brain workers can rely on Stuart's Dyspepsia Tablets. All druggists carry them in 50-cent boxes, or get a free trial package by mailing below coupon at once.

Among the reminders of the good old summer time is a poster announcing the coming to New London of the Wild West show, on a shed near the Stonington railway station. The poster features "Jesse Willard, the Cowboy Champion." Some smart sport, who evidently takes little stock in the prowess of Willard, has substituted "ard" for the "boy" in Cowboy, so that the big line reads: "Jesse Willard the Cowboy Champion!"

WESTERLY AND VICINITY

Local Granite to be Used for New Bank Building—Grand Jury Concludes Work—Highway Commission Assured for Town—Elks Visit Woonsocket Lodge—Boy Fractures Arm While Coasting.

The New England Granite company commenced on Washington's birthday, the delivery of cut granite to be used in the construction of the Industrial bank building in Westerly. There has been rapid progress in razing the old building, in excavating, in placing the big vaults used in the building into the new basement to be used in connection with the safe deposit department, and in the building of the foundation. Now that the work of construction has been commenced above the foundation it will not be very long before the progress of construction will be more pronounced. The granite to be used in the building front will be the finest cut for building purposes that has ever been produced in Westerly, and granite cut in Westerly has been used in the construction of the very best buildings in the United States.

The grand jury that served at the opening of the superior court for Washington county, and returned indictments against James R. Mellow for the triple murder at Kingston, against Henry Martell, Edward H. Foley, George B. Southwick, Jr., John McCutcheon, James Mulligan, George B. Southington and Thomas J. Allen alias "Skeete," for breaking and entering and larceny was composed of George H. Toyes, Fred S. Orie, Herbert G. Allen, George A. Champlin, Fred J. Crandall, of Westerly; J. Samuel Brown, Charles B. Clarke, Samuel B. Browne, Charles E. Sweet, Robert Browning, South Kingston; Charles S. Reynolds, George H. Smith, Walter E. Randall, Nathan G. Rathbun, North Kingston; Harry A. Switzer, William W. Taylor, Hopkinton; Henry T. Kenyon, Richmond; Hugh J. Fitzpatrick, Charlestown; John F. Ash, Exeter. This jury concluded its work on the first day. There was no session of the court on Washington's birthday.

The act creating a highway commission for the town of Westerly has been adopted by both houses of the general assembly and will become a full-fledged special act, when signed by the governor. The act will become operative when three commissioners are elected at the June town election and the commissioners will be empowered to engage an engineer to take charge of the roads, bridges and sidewalks. All authority over the highways will be taken from the town council. Heretofore, the work on the highways has been done under the supervision of a committee of the town council, without expense to the town, and by that plan all money appropriated for highways was expended for that work and no part of it went for salaries. The promoter of the highway commission plan believes this important town department would be taken out of politics, and that a permanent engineer could be secured, rather than a committee liable to be changed yearly.

District Deputy Grand Exalted Ruler Martin H. Spellman, of Westerly, with his staff, including Dr. M. H. Scanlon, M. J. Deady and John McCarthy, of Westerly, left for Kingston, where they will visit and inspect of Woonsocket lodge, Monday night. After the ceremonies there was a special session at which Acting Exalted Ruler Chace, in behalf of Woonsocket lodge, presented a solid gold emblematic Elks' ring, with diamond set in the center, which was received with the beautiful gift in words of sincere appreciation.

At the social session Deputy Spellman not only made a speech, but he sang several songs that served as genuine entertainment for his brother Elks. Deputy Spellman and the Westerly members of his staff, returned home on the early Tuesday morning train.

The funeral services of Lillian M. Porter, wife of Dexter R. Porter, who died Saturday, in St. Francis' hospital at Hartford, were held Tuesday afternoon in the First Baptist church, in Westerly. Mrs. Porter was a member of this church for many years, and Mr. Porter was an active deacon of the church while in Providence, Westerly. The services were conducted by Rev. F. Stewart Kinley, pastor of the church assisted by Rev. Clayton A. Burdick, pastor of the Pawcatuck Seventh Day Baptist church. There were many friends at the services and the floral tributes were beautiful. Burial was at River Bend, and the body was borne by Thomas H. Pen-body, James Atken, Elmer E. Clark, and N. Henry Lanphere.

DAVID R. FRANCIS ACCEPTS APPOINTMENT TO RUSSIA.
Inquiry Will Now Be Made as to Whether He Is Acceptable to Russia.

Washington, Feb. 22.—David R. Francis, secretary of the interior in Cleveland's cabinet and former governor of Missouri, told President Wilson today he would accept the post of ambassador to Russia, to succeed George T. Marry, who has resigned. His nomination will be sent to the senate as soon as an inquiry can be made of the Russian government as to whether he is acceptable.

Mr. Francis, called on the president during the day with Senator Reed of Missouri. Later he will confer with Secretary Lansing at the state department.

The president and Secretary Lansing attached unusual importance to the embassy at Petrograd at present time, because of questions growing out of the European war and the problem of inspecting the large detention camps in Russia in which are held thousands of German and Austro-Hungarian prisoners.

Mr. Francis was offered the post of ambassador to Argentina early in the present war, but he declined, because of the press of personal business.

JAPANESE FLEET HAS ARRIVED IN MEDITERRANEAN
German Newspapers Print Despatches from Italy to That Effect.

Copenhagen, via London, Feb. 22, 7:24 p. m.—German newspapers print despatches from Italy stating that a Japanese fleet has arrived safely in the Mediterranean, together with a great number of aircraft.

Two Japanese steamers have been torpedoed and sunk in the Mediterranean, the liners Yashiki Maru and the freighter Kenkoku Maru. On Jan. 30 announcement was made at Tokyo by the Jiji Shimpu that a squadron of Japanese warships was to be dispatched to the Suez canal, presumably for the purpose of protecting Japanese shipping.

Kasura, Tokiwa and Chitose were mentioned as having been assigned to this service.
